

## **Luba Kulakova – Product Leader**

[lkulakova.pm@fastmail.com](mailto:lkulakova.pm@fastmail.com) | (236) 992-8981 | Vancouver, BC, Canada | [linkedin.com/in/lkulakova](https://www.linkedin.com/in/lkulakova)

Product Leader with over 7 years of experience growing and transforming complex technical platforms. Proven track record of leading cross-functional teams to achieve business objectives with a user-centric approach. Launched a new product edition, increased addressable market by 25% and returning-customer revenue by 15%, expanded product-market fit into new segments and secured the adoption of the product by multiple Fortune 500 customers.

### **SKILLS**

Product Strategy, Roadmap Development, Cross-Functional Leadership, Stakeholder Management, Product Lifecycle Management, Data-Driven Decisions, User Research, Market Research, Requirements Definition, Prioritization, Data Analytics (Tableau, Kibana, Amplitude, Clarity).

### **WORK EXPERIENCE**

#### **Senior Product Manager | Parallels | Vancouver, Canada | Mar 2024 – today**

Projects: Parallels Desktop B2B product line (virtualization solution to run different operating systems on Mac devices and centrally manage VMs at scale)

- Defined and owned the vision, strategy, and multi-year roadmap for the B2B product line, aligning Engineering, Sales, Marketing, and Support.
- Led cross-functional execution across 50+ team members to deliver strategic initiatives for B2B focused editions, like a new SaaS portal to enable management of Parallels Desktop at scale.
- Expanded product-market fit into new enterprise segments, including healthcare environments and contractor-heavy development/design organizations.
- Drove customer discovery, aligning product strategy with real-world enterprise constraints and enabling adoption by multiple Fortune 500 organizations within six months of launch.
- Increased returning-customer revenue by 15% by launching a new product edition that fulfilled key user requests, enabling successful upselling to higher-tier solutions.
- From the idea to the first sale of the new Enterprise Edition for Parallels Desktop in under a year.
- Presented on behalf of the company as a thought leader at major industry conferences, influencing IT decision-makers in education and corporate sectors.

## **Product Manager | Alludo | Vancouver, Canada | Sep 2022 – Mar 2024**

Projects: Parallels Client (endpoint for accessing Microsoft RDS and Parallels RAS published resources)

- Oversaw complete redesign and rebuild of Parallels Client, enhancing and simplifying user experience for employees of 10K corporations for accessing published applications.
- Unified user experience for accessing multiple company solutions, including remote desktops/applications and Desktop as a Service (DaaS) within the Unified Client project.
- Brought data-driven decisions to the Parallels Client on five different platforms by introducing a new event-based statistics structure, focusing on metrics, and migrating to Amplitude.

## **Product Manager | Parallels | Remote | Sep 2019 – Sep 2022**

Projects: Parallels Toolbox (desktop solution with 60+ tools), Parallels Universal Installer

- Owned the entire product lifecycle for a product with one million users.
- Developed and executed product strategy and roadmap, incorporating user needs and business goals, increasing Net Promoter Score (NPS) to 30+ for Parallels Toolbox.
- Drove a 20% increase in MAU for Parallels Toolbox by implementing a targeted series of user experience enhancements and performance optimizations.
- Launched from 0 to 1 "Parallels Universal Installer", achieving a 98% success rate in downloads and installations for Parallels consumer products (200K monthly installations).

## **Intellectual Property Manager | Parallels | Nov 2016 – Sep 2019**

- Expanded portfolio management process to Corel Corporation (20+ products).
- Implemented an international brainstorming program for 300+ distributed teams of developers.
- Managed collaborative project, securing 50% reimbursement for company expenses within an R&D partnership with the University of Malta.

## **EDUCATION**

Master's in Information Security, Moscow State Linguistic University, 2018

## **SIDE PROJECTS**

- ProductBC Volunteer, Mentorship Program Manager - Organized and led mentorship initiatives, facilitating career development for 150+ participants.
- Market analysis and feasibility studies for start-up projects.
- US Patents: [11169831](#), [10956186](#), [10812220](#), [10776236](#), [10999409](#), [11175878](#), [11221818](#)
